## A Correlation of TCM's Exploring Math Level B to Everyday Math Grade 2

Exploring Math Level B		Everyday Math Grade 2
Unit # Lesson #	Lesson Title	Unit # Lesson # Lesson Title Page #
Unit 1	Numbers & Numeration	
1.1	Place Value and Two-Digit Numbers	3.1 Numeration and Place Value p. 168
1.2	Place Value and Three-Digit Numbers	3.1 Numeration and Place Value p. 168
1.3	Ordering Two-Digit Numbers	1.1 Math Message and Number Sequences p. 16
1.4	Ordering Three-Digit Numbers	1.1 Math Message and Number Sequences p. 16
1.5	Rounding to the Nearest 10	
1.6	Rounding to the Nearest 10 and 100	
1.7	Number Patterns and Sequences	7.1 Patterns in Counting p. 510
1.8	Recognizing Number Patterns	7.5 Patterns in Doubles and Halves p. 533
1.9	Counting in Steps of Four	1.11 Counting Patterns p. 61
1.10	Counting in Steps of 10	1.11 Counting Patterns p. 61
1.11	Odd and Even Numbers	
1.12	Investigating Number Sequences	7.2 Number-Grid Patterns and Arrow Paths p. 516
1.13	Estimating Numbers on a Number Line	
1.14	Doubling and Halving	7.5 Patterns in Doubles and Halves p. 533
1.15	Number Puzzles	6.2 Comparison Number Stories p. 360
1.16	Solving Word Problems	4.1 Change- to -More Number Stories p. 224
<b>Unit 2</b>	<b>Addition &amp; Subtraction</b>	
2.1	Words for Addition and Subtraction	2.2 Review Easy Addition Facts p. 96
2.2	Counting On to Find the Difference	2.6 Subtraction from Addition p. 114
2.3	Bridging Method for Subtraction	2.12 Counting Strategies for Subtraction p. 143
2.4	Bridging Method for Addition	
2.5	Adding More than Two Numbers	6.1 Addition with Several Addends p. 354
2.6	Connecting Addition and Subtraction	2.6 Subtraction from Addition p. 114
2.7	Investigating Patterns in Subtraction	2.12 Counting Strategies for Subtraction p. 143

## A Correlation of TCM's Exploring Math Level B to Everyday Math Grade 2

2.8	Investigating Patterns in Subtraction	2.12 Counting Strategies for Subtraction p. 143
2.9	Adding Near Multiples of 10	7.3 Extending Complements of 10 p. 522
2.10	Compensation Method for Addition	
2.11	Compensation Method for Subtraction	
2.12	Writing Numbers in Expanded Notation	
2.13	Using Expanded Notation to Add	
2.14	Using Expanded Notation to Subtract	
2.15	Column Method for Addition	2.5 Addition Strategies that Use Doubles Facts p. 110
2.16	Subtraction with Regrouping	
2.17	Reviewing Methods for Addition	4.8 Paper and Pencil Addition Strategies p. 263
2.18	Reviewing Methods for Subtraction	2.12 Counting Strategies for Subtraction p. 143
2.19	Exploring the Relationship Between Addition and Sub	2.6 Subtraction from Addition p. 114
<b>Unit 3</b>	<b>Multiplication &amp; Division</b>	
3.1	Counting in Steps of Two	1.11 Counting Patterns p. 61
3.2	Introducing Multiples	11.3 Multiples of Equal Groups p. 782
3.3	Investigating Multiples	11.3 Multiples of Equal Groups p. 782
3.4	Counting in Multiples of 2, 5, and 10	
3.5	Introducing Multiplication	11.5 Multiplication Facts p. 795
3.6	Understanding Multiplication	11.7 Multiplication/Division Fact Families p. 806
3.7	Multiplication as a Repeated Action	11.5 Multiplication Facts p. 795
3.8	Multiplying by 10 and 100	7.3 Extending Complements of 10 p. 522
3.9	Introducing Division	11.4 Division Number Models p. 788
3.10	Division as a Repeated Subtraction	11.4 Division Number Models p. 788
3.11	Division as Forming Equal Groups	
3.12	Division in Real- Life Situations	11.9 Climate Comparisons p. 816
3.13	Division as Sharing	11.7 Multiplication/Division Fact Families p. 806
3.14	Exploring the Relationship Between Multiplication and	11.7 Multiplication/Division Fact Families p. 806

## A Correlation of TCM's Exploring Math Level B to Everyday Math Grade 2

<b>Unit 4</b>	<b>Fractions</b>	
4.1	Introducing Fractions	8.2 Exploring Fractions, Multiplication, Division and Vo
4.2	Recognizing Fractions	8.1 Equal Parts of ONE p. 578
4.3	Fractions as Parts of a Whole	8.1 Equal Parts of ONE p. 578
4.4	Exploring Fifths	
4.5	Exploring Tenths	
4.6	Fractions as Parts of a Set	
4.7	Introducing Equivalent Fractions	8.4 Equivalent Fractions p. 594
4.8	Recognizing Equivalent Fractions	8.4 Equivalent Fractions p. 594
4.9	Comparing Fractions	8.6 Comparing Fractions p. 602
4.10	Comparing and Ordering Fractions	8.6 Comparing Fractions p. 602
4.11	Ordering Fractions	
4.12	Fractions in Real-Life Situations	8.7 Fraction Number Stories p. 606
<b>Unit 5</b>		
5.1	Naming and Describing Two-Dimensional Shapes	5.2 Exploring Attributes, Triangles, and Sharing p. 295
5.2	Sorting Two-Dimensional Shapes	
5.3	Drawing Two-Dimensional Shapes	
5.4	Combining Two-Dimensional Shapes	5.6 Quqdrangles p. 314
5.5	Describing Two-Dimensional Shapes	5.2 Exploring Attributes, Triangles, and Sharing p. 295
5.6	Introducing Symmetry	5.9 Line Symmetry p. 332
5.7	Identifying Lines of Symmetry	5.9 Line Symmetry p. 332
5.8	Comparing and Sorting Two-dimensional Shapes	5.2 Exploring Attributes, Triangles, and Sharing p. 295
5.9	Introducing Three-Dimensional Shapes	5.7 Three Dimensional Shapes p. 319
5.10	Describing Three-Dimensional Shapes	5.7 Three Dimensional Shapes p. 319
5.11	Making Three-Dimensional Shapes	5.7 Three Dimensional Shapes p. 319
5.12	Making three-Dimensional Shapes with Cubes	
5.13	Describing Three-Dimensional Shapes	5.7 Three Dimensional Shapes p. 319

## A Correlation of TCM's Exploring Math Level B to Everyday Math Grade 2

5.14	Repeating Patterns and Tessellation	
5.15	Making Tangrams	
5.16	Directional Turns	
5.17	Giving Directions	
5.18	Compass Directions	
<b>Unit 6</b>	<b>Measurement</b>	
6.1	Nonstandard Units of Measurement	9.7 Exploring Capacity, Area, and Pattern Block Walls
6.2	Estimating and Measuring Length	9.3 Fractional Units of Length p. 642
6.3	Estimating to the Nearest Inch	9.3 Fractional Units of Length p. 642
6.4	Measuring Length in Centimeters	9.1 Measuring with Yards and Meters p. 630
6.5	Inches and Centimeters	9.8 Area p. 667
6.6	Word Problems Involving Length	9.6 Measures All Around p. 656
6.7	Estimating Weight	9.10 Weight p. 678
6.8	Ounces and Pounds	9.10 Weight p. 678
6.9	Word Problems Involving Weight	
6.10	Measuring Capacity	9.9 Capacity p. 672
6.11	Liquid Measurements	
6.12	Word Problems Involving Capacity	9.9 Capacity p. 672
6.13	Estimating Time	12.2 Reviewing Clock Skills p. 840
6.14	Telling Time	12.2 Reviewing Clock Skills p. 840
6.15	Introducing AM and PM	
6.16	Analog and Digital	
6.17	Elapsed Time	12.3 Timelines p. 845
<b>Unit 7</b>	<b>Working with Data</b>	
7.1	Introducing Tally Charts	
7.2	Introducing Bar Graphs	12.6 Comparing Speeds of Animals and People p. 858
7.3	Sorting and Classifying Information	6.3 Data Day: The Four Food Groups p. 366

## A Correlation of TCM's Exploring Math Level B to Everyday Math Grade 2

7.4	Using Diagrams to Sort Information	12.6 Comparing Speeds of Animals and People p. 858
7.5	Introducing Pictographs	
7.6	Wording with Bar Graphs	12.6 Comparing Speeds of Animals and People p. 858
7.7	Exploring Bar Graphs	
7.8	Exploring Pictographs	
7.9	Organizing Data	
7.10	Using Venn Diagrams	
7.11	Using Diagrams to Classify Data	
7.12	Interpreting Graphs	12.6 Comparing Speeds of Animals and People p. 858
7.13	Collecting Data
