In the first column, list the vocabulary words, terms, phrases you're learning in class.

Step 2

Pick your favorite song and copy the lyrics into the second column. Underline the rhyming words.

Step 3

In the third column, mash-up the vocabulary and song lyrics to create the new remix. If you are having trouble with a line or phrase, look up the underlined rhyming words in rhymezone.com. You may only be able to think of five words that rhyme, but Rhymezone can give you fifty.

Step 4

Perform the song in class or with another student in class. Bonus points for adding dance moves to your song performance.
