Full of Data

A newspaper tells about local and world news. It is also full of data (DAY-tuh). Data is information.

Getting the News

Over 116 million American adults read newspapers during the week or on Sundays.

Newspapers have stories. Some stories have photographs. Some have graphs and tables.

LET'S EXPLORE MATH

This table shows the daily sales of 2 newspapers for 1 week.

Daily Sales

	The Herald	The Times
Monday	101	104
Tuesday	94	98
Wednesday	127	125
Thursday	104	117
Friday	110	128
Saturday	193	199
Sunday	201	218

- Round the numbers to the nearest 10.
- Then, **estimate** how many of each newspaper was sold.
