## CARE THAT REACHES BEYOND THE CLASSROOM

Creating a world in which children love to learn means caring for their needs beyond the classroom, and this year's PastaThon was a powerful example of that commitment.

Twelve schools partnered with us to help provide meals for the students across Southern California, collecting 12,534 pounds of pasta and sauce! With TCM's staff, our vendors, and local community contributions, the total rose to 211,890 pounds, supporting students facing food insecurity.

Thank you for showing up with generosity and making a meaningful difference in our community!
