

## 11 Schools Receive the TCM Spotlight Award

**TCM spotlights eleven schools across the nation for their trailblazing leadership, high expectations, and community support**

**Huntington Beach, California, May 8, 2023** – Teacher Created Materials (TCM), a leading educational publishing company, proudly celebrates eleven schools across the nation for their work with students, parents, and the community.

Aboite Elementary (IN), Carlos Rey Elementary (NM), Courreges Elementary (CA), Isabel “SEM” Elementary (TX), Juarez Academy (CA), Lewis Elementary (FL), Mesa View Elementary (CA), Pocalla Springs Elementary (SC), Springhill Elementary (MD), Signal Hill Lake Elementary (CA), and St. Bonaventure Catholic School (CA) were all recognized during Teacher Appreciation Week, May 8-12, for their trailblazing leadership, high expectations, and community support. Each school has demonstrated strong leadership with students, parents, and communities.

“We are proud to spotlight all eleven schools across the nation,” said Deanne R. Mendoza, Executive Vice President for Strategic Partnerships. “They have exemplified what it means to make a difference with students, parents, and in the community.”

TCM believes in creating a world in which children love to learn and the TCM Spotlight Award winners exemplify this mission through the work they do daily. In addition to the award, TCM recognized every educator at the schools with a \$100 gift card toward resources of their choice from TCM or their imprints Free Spirit Publishing and Shell Education.

As part of the Teacher Appreciation Week, TCM also held an “Honor a Favorite Educator” contest and released free webinars, lessons, activities, and e-books.

More information can be found on TCM’s social media pages: Facebook, Instagram, and Twitter @tcmpub.
