

Grades K–5

Reading Levels 0.1–5.9 • Lexile® BR–860L

Build literacy skills and science content knowledge with high-interest, appropriately leveled informational text featuring hands-on lab activities.

Each kit provides **multiple texts around common strands: life science, physical science, earth and space science, and scientific practices.** To further meet the needs of students and teachers, the lessons and activities support STEM instruction and are aligned to the Texas Essential Knowledge and Skills for Science.

Books offer students access to high-quality informational text and scientific investigations.

Each book includes a lab activity to engage students in a scientific concept.

Digital resources in each kit, such as ebooks, lessons, and audio, enhance learning.

Each kit includes:

- Books—13–16 titles, 6 copies each, 32 pages per book, in print and digital formats
- Lesson plans for each title
- Digital resources including ebooks, lessons, audio, and additional resources

Books and lessons cover the key strands of science. Books that explicitly focus on scientific practices are also included.
